PASSWORDS: AN OLDIE BUT A GOODIE

From: 1Password

Subject: Your secret key has been downloaded

Has 'unknown device' being mentioned in an email ever not been a problem?! Like 'Suspicious Activity', it's synonymous with a possible danger

Your Secret Key has been downloaded to an unknown device.

If this wasn't you, disable your key below.

ANYTHING FOR A FREE LUNCH

From: Booking.com

Subject: Upgrades & Breakfast, on us!

Booking.com
Genius

**Get automatic room
upgrades and free breakfast
with Genius 3, on us!**

[Add it to your account today](#)

Do you love a free lunch
(ok, breakfast) enough
to take the time to click?

DANGERS OF POPULARITY

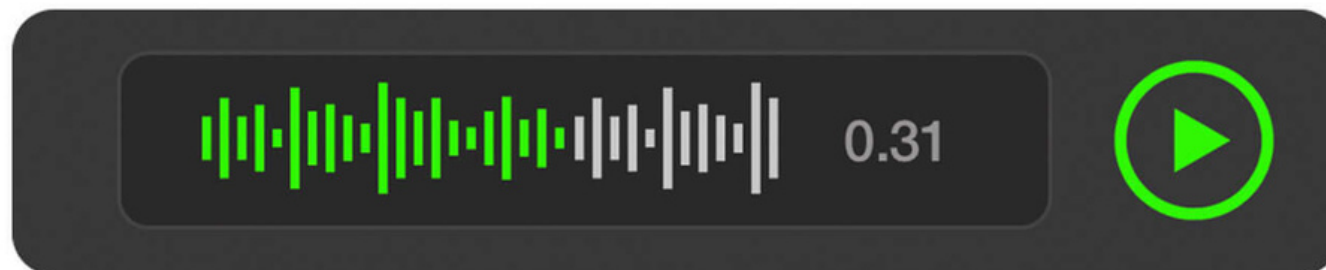

From: Whatsapp

Subject: You have a voice note!

Cyber criminals love new 'normal' things in our online lives. Reports of increasing use of Voice Notes means they're likely to be used at a pretext more often

You have a new voice note

Listen Now

A strong call-to-action... Would you stop to think? Or just click, and get it off you're list of things to do

DISCORD DISASTER

From: Discord

Subject: Account Deactivation

Discord is a useful 'sonar' to send out in 2023, many new Ai services make use of it

**Your account will be deactivated
in 7 days**

As part of our policy to reduce the number of spam accounts, yours was flagged for deactivation.

Sometimes we get it wrong, and it's a human, not a bot!
So if you wish to keep reading and posting on your favorite servers, cancel deactivation below.
