June Edition

LIGHTS! CAMERA! PHISH!

From: WeTransfer

Subject: New Company Promo Video

You've been sent New Org Promo Video

1 item, 4.1 MB in total

All, if you want pixelating... it's too late! Check out our new promo video and see if you made the cut

[Get Files](#)

Wait, what?! Did I get caught in a shot and not realize!!?
Only one way to find out....

INTENTIONALLY BAD

From: Microsoft

Subject: New app(s) have access to your data

New app(s) have access to your data

You connected to the Microsoft account

blu**80@outlook.com

If you didn't grant this access, remove the app(s) from your account.

[Manage your apps](#)

Not all genuine emails have logos, and detailed footers. And that leaves less for a scammer to get wrong!

SKYPE

From: Skype

Subject: You have 1 new voice message

Like so many phish... trying to figure out why it's arrived is often harder than just clicking!

Recieved: Today, 08:41 am

Duration: 0:31

Expires in 7 days

Play Message

CRYPTO FANS BEWARE

From: Coinbase

Subject: Your password has been changed

What we know for sure, is the recipient hasn't changed their password. Would you act to save your crypto?

coinbase

Your Coinbase password has changed

If you believe this activity is unauthorized, you can disable sign-in for your account.

VACATION SEASON

From: HR

Subject: Vacation shake-up

Not everyone will be impacted by the changes, only those highlighted in **yellow** will need to resubmit their requests before the end of the day.

holiday-wizard.updated-employee-changes/submit

Sorry for the rushed request,
HR

It's vacation time... and scammers know this. Best to get in there first to explain it's a very popular topic at this time of year
