**Security: Successful New Login**

A successful login was detected from a new device (iPhone 17) in Berlin, Germany. If this was not you, you must block access and reset your session immediately.

This Wasn't Me / Block

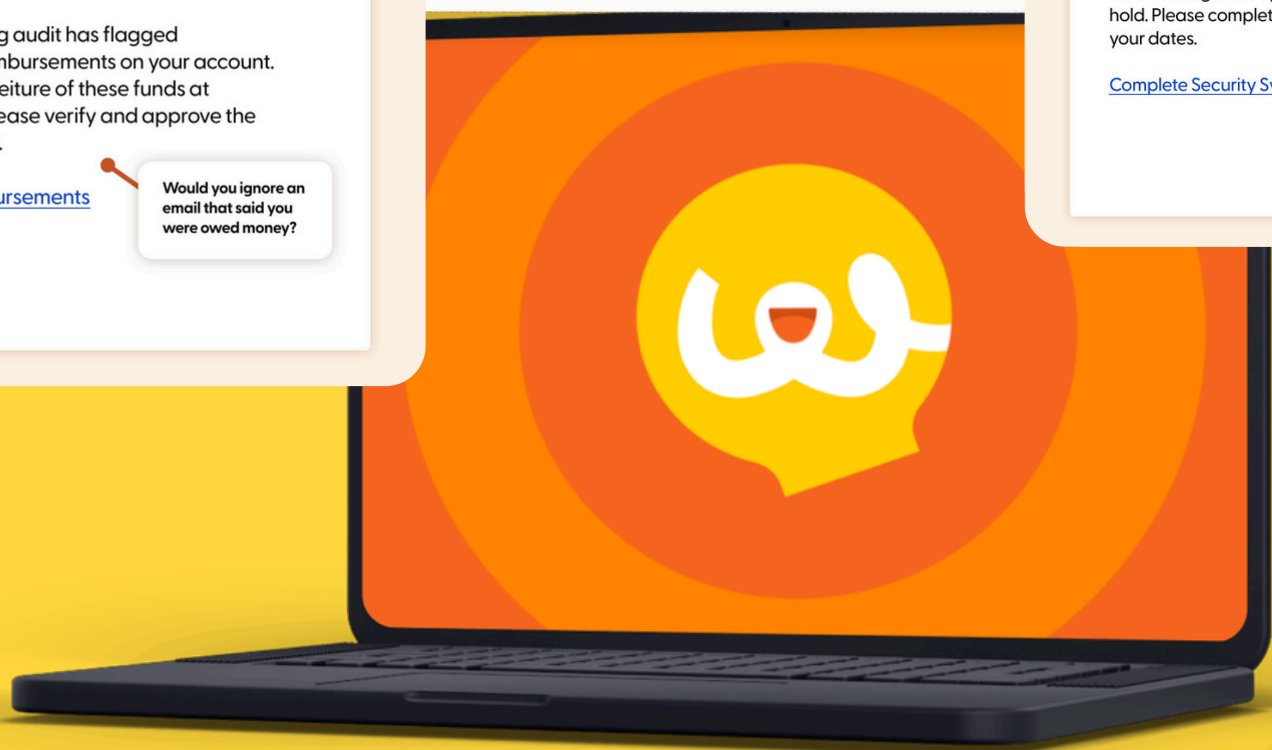

If you saw an intruder in your account, would you pause to check the link?

**From: HR**  
**Subject: Action Required: Vacation Approval Sync**

Your pending summer leave requests require a mandatory 'Security & Travel' acknowledgment. System approval is on hold. Please complete the sync to finalize your dates.
