

SAY GOODBYE TO SOUL-SUCKING TRAINING VIDEOS

Wizer offers Security Awareness Training and Phishing simulation that will keep your employees educated and entertained. Our unique **one-minute videos** are both **informative** and **binge-worthy**. And with new content on a regular basis, training never gets old.

THEY SAY DON'T TAKE IT PERSONALLY, BUT WE DO!

Security culture at work often mirrors people's behavior at home. That's why we take it personally and include **"what's in it for me"** in our videos, along with shareable links that people can share with their families.

BUT WAIT, THERE IS MORE!

Top-Notch Phishing Simulation

With weekly updates to our phishing templates, we keep your employees informed and on their toes, protecting your organization from the latest threats.

You Can't Manage What You Can't Measure

Track training progress and easily analyze training effectiveness through our dashboards, all within a user-friendly platform for both employees and administrators.

Shall We Play a Game?

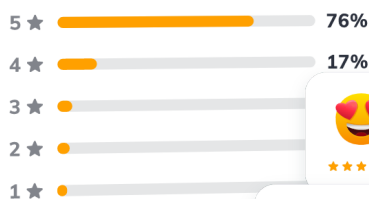

An eye-opening simulation game of various phishing and wire fraud scams, where participants decide how to respond as they would in real life.

Very informative, learn a lot how to protect my private info.

HOW DO YOU KNOW YOUR EMPLOYEES WILL LOVE IT?

Because we aren't afraid to ask them what they think, which is why we received over **150,000 positive reviews!** And yes, we are talking about training videos that they are required to watch.

LASTLY, AUDITORS WILL THANK YOU!

Whether you need to satisfy cyber insurance requirements or show off your SOC2 compliance, auditors are gonna love you. Why? Because your team's **outstanding completion rates** and **breezy reporting** will definitely win them over.
